Step 3

Why?

Why?

Why?

Why are the answers in Step 2 true?

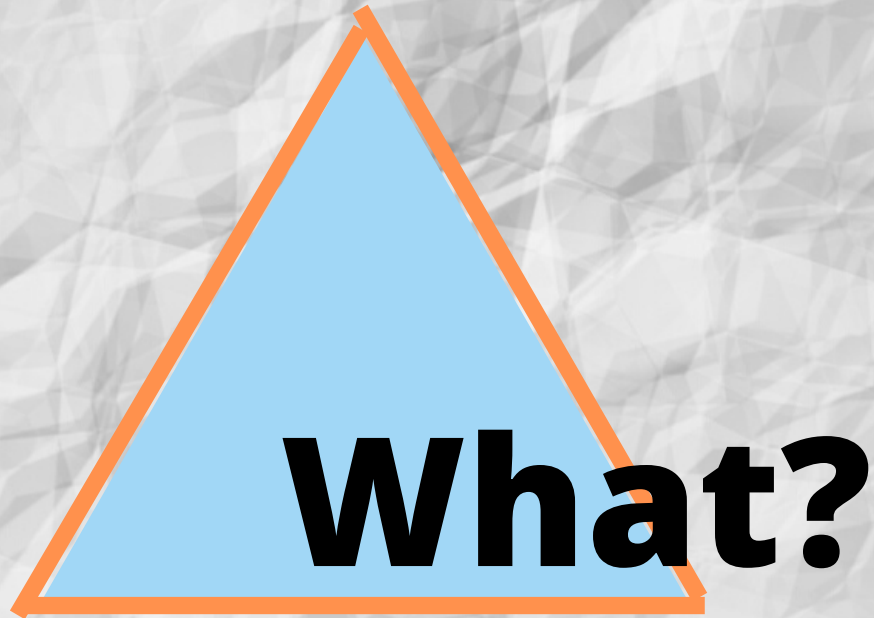

- He needs the resources to launch an attack on his homeworld
- Earth was the closest planet to his homeworld with insufficient weapons to repel an invasion
- He needs weapons to return him and his people to their home planet after they were exiled

Step 6

- The green aliens are the progeny of forbidden relationships, and can eat the food of both the blue and yellow species.
- The population of the green aliens quickly grew larger than that of the blue and yellow combined
- Parents refuse to acknowledge their babies of mixed heritage, and pay others to drop them off at the edge of a nearby forest. The survivors form a group under Tom's leadership.
